Why are you asking this? In today's world, there are over 4,800 different species of frogs – all with unique color schemes and designs. And that's just the number we've discovered so far. There are undoubtedly hundreds of undocumented species out there in the forests, creeks and jungles just waiting to be discovered. Below is the collection of some fantastic examples of frog tattoo designs for your viewing pleasure. This blue frog with a name like Poison Dart Frog, it is not hard to imagine what this brightly colored critter is used for. This peace sign frog A well designed psychedelic tribute to the 60s era of love and aaaa more love. Way out man! Help! I'm trapped in your skin. There are a few versions of this design out there. It's so simple yet such a fantastic and creative design. This frog with a flower does he pick the flower or is he holding it? Ahhhh he smells it! This hula-skirt-wearing frog The emotion on this frog's face is just amazing. These big black eyes is priceless. I don't think you draw a cuter frog. This foot tattoo That's a couple of big hands this little guy has with him. Or is it a shoe? Another Realistic Tropical Frog This This Taking a break from the gym flipping the bird. This frog on a leaf This little frog is the icing on the cake of this beautiful natural sleeve. This striking National-Geographic-like tattoo Someone has some skills. This guy hanging out on a branch This colorful forearm tattoo This frog playing the blues It almost looks like he's playing a keyboard at the same time. I think this is the frog from the Princess and the Frog movie. This soon-to-be-covered-with-her tropical frog another brilliantly shaded design. That frog that looks up from the ground, are they supposed to be rocks? If you look good, they look like a flesh-colored #25. What do you think? Cute little guy just chilling and on that day in the jungle, no f**k was given. This blue frog in watercolor Does this look like it was done in watercolor or with traditional paints? These colored crawlers we have almost all the primary colors here. All she needs is a yellow frog to complete the color wheel. This golden framed royalty This pipe smoker This one-eyed frog A unique twist on the traditional frog designs we use to see. This frog has a big eye in a diamond on its lower tube. What is really amazing is the detail and realism of the eye. This little tree frog This internet-famous watercolor frog definitely the most shared frog tattoo design on the web, and I understand why. This blue jean frog Yes, it's really called the blue jean frog and you'll probably guess why. It probably has a Latin name too, but I think the nick name is much more appropriate. don't you think? El Matador If there's a funniest tattoo than this bullfighting frog, I'm going to have to see it. This eclectic warrior Okay, maybe this tattoo is funnier than the bullfighter. Here we have a frog with a double-sided hatchet and what looks like bullets strapped around his chest. Am I missing something here? This toad tattoo? Okay I know this post is supposed to be strictly frogs, but this tattoo was too good to omn. Because it's brown, I think it's safe to say it's clearly a path of some kind. This frog that makes it far up makes someone's back well executed. This flower sleeve that's a whole mess, and I mean mess, from flowers she's got there. This frog is not amused this would be a great meme. This mama frog This frog on a flower I'm not so sure about those shadows as that's what they should be. This frog has claws The frog tattoo is beautiful, but this just looks painful. Those claw marks are a little too realistic. The extravagant 3D tree frog tattoo inked in deep green with inclusions of yellowish and purple colors perfectly adorns the inner part of the hand. It looks totally realistic and extraordinary, can suit those people, who are looking for something and offbeat. Such frog tattoo design characterizes the owner, as a person with out of the box behavior and mentality. This tree frog tattoo in blue with flaming red eyes sitting on the olive-green leaf On the neck the men can win many women's hearts. This brilliant image can become a schtick of any cool man who wants to make an unforgettable impression. If you're one of them? Go ahead! The beautiful tree frog tattoo performed in the popular black and grey technique looks rather overwhelming on the inner lower part of the fleshy man's hand. Tree spreading roots instead of the feet show the wonderful ability of this creature to undergo metamorphosis. This feature stands out from this tattoo design and gives it creativity and originality. The cool inked frog tattoo spreading up the sleeve deserves to be called the real masterpiece! The huge green frog with the yellowish accents and red-blooded eyes immediately attracts attention. The pink crystal heart in the hands and the pearl string around his neck symbolize the great aspiration for wealth, prosperity and beautiful life. The sour- bright tattooed tree frog tattoo climbing on a fragile branch represented eccentrically on the leg. The main highlight was made on the game of contrasts: the flashy frog and the unobtrusive little branch. This tattoo artist can be characterized as an ambitious and enthusiastic person. The beautiful tree frog tattoo done in blue colors on the lower back. At first glance it looks like a butterfly, but it's just illusion. If you observe closely, you can detect four petite bluish frogs and refined black lines, which give elegance and elegance to this image, and go perfectly in tandem with the frogs. This vibrant tree frog tattoo design on the half sleeve catches your eye instantly. The massive frog in the highlight, accompanied by the scarlet flowers in the background of the azure sky, portrayed completely natural and realistic as an illustration from a children's book. Due to the combination of striking colors, this tattoo design stands out among other variants of tree frog. The medium sized tree frog tattoo in the heart of the foot looks cheeky and stylish. The little tree frog that looks at you surrounded by the huge crimson hibiscus and two small yellow-purple flowers on the sides form the harmonious ensemble. If you are looking for something girlish and romantic, this tattoo design is for you. This awesome tree frog tattoo on the upper part of the muscular hand is specially designed for fans of extravagance and green color that reigns here en masse. It resembles the snapshot of the daily lifestyle of the frogs: eight amusing tree frogs in the sticks are depicted in different movements. The skillful blending of different shades of green makes this tattoo exceptional and unique. The giant monochrome tree frog tattoo stretched along the side of the female's body. This image can be chosen by enthusiasts who are keen on minimalism and are enthusiastic about looking for something unconventional and offbeat, because the tree frog is believed to be the beginning of new life, energy and prosperity. Awesome medium tree frog tattoo design on calf stuns its realism. The expertly combined colours make it look extremely cool and showy. Such a green reptile can become your talisman because frogs are considered a good luck charm. The cute tree frog tattoo in the middle of the foot stands out for its simplicity. The beautiful blending of all shades of green, understated colors and ornate curved stems makes this tattoo very attractive. If you're not against acid-bright colors, this one may be a part of you. The sweet tree frog that chills on the tree twig, what could be funnier? This tattoo design on the ribs inked in vibrant colors looks totally fantastic.
